**Available Now**

**RRP \$499**

### **Fantasea Line FSD-770 Housing for the Canon PowerShot SD1200 IS / IXUS 95 IS Digital Camera**

As distributors of Fantasea Line, Tasco Australia is pleased to announce that the new Canon PowerShot SD1200 IS/ IXUS 95 IS digital camera is compatible with Fantasea's FSD-770 housing.

The FSD-770 housing, depth rated to 60 meters/200 feet, is fully functional, providing photographers with access to all camera functions. Fantasea's new compact housing design and improved construction ensures easy handling and accurate access to camera functions through the critical placement of push-button controls. The Fantasea FSD-770 housing has a double O-ring seal on all controls, anti-glare hood over LCD screen, removable flash diffuser and a 46mm threaded lens port.

The FSD-770 housing is ideal for outdoor and underwater photographers' needs. Underwater photographers can dive or snorkel and capture all the excitement of this fascinating world, while outdoor photographers also have the option of capturing the action of such activities as white water and paddle sports, sailing and boating, surfing, fishing, hunting, backpacking and camping. The FSD-770 protects the Canon camera from water, sand, dust, and other damaging elements.

Cat. No. 1385

- Power Switch
- Shutter Release
- Mode
- Menu
- Display
- Func / Set
- ISO
